ASPHALT MIX DESIGN COURSE

The Materials and Tests Division of the Tennessee Department of Transportation will be conducting the Asphalt Mix Design Methods Course, February 8-12, 2010. The course will be held in the auditorium at the Region 3 Office, 6601 Centennial Blvd., Nashville. **The course is limited so register early.**

The courses will begin on Monday at 9:00 A.M. until 4:30 P.M. Each person completing the course will be required to pass a written test and do a hands-on laboratory demonstration for testing requirements for Asphalt Mix Design before becoming certified by the TDOT. Each participant should bring a calculator. The cost per person is below, which includes all course materials and refreshment breaks.

****You must have taken and passed the Asphalt Plant Technician training in order to attend this course. If you are unsure if you have passed the Asphalt Plant Technician training, please contact TDOT at 615-350-4100.** A certificate holder must attend a re-certification course and perform a hand's on demonstration in their respective fields every three years to remain active. If these guidelines are revised, you will be notified.

For enrollment in the Asphalt Mix Design course, please complete the form below and return it with payment for the course to: Tennessee Road Builders Association, 213 5th Avenue North, Nashville, Tenn., 37219. Or fax it to: 615-255-6937. Enrollment for this is on a first come basis. You will not be officially enrolled until payment is received.
